# New Fall Alignment

---

The MAC conference is one of the larger conferences in the state comprised of 10 vocational school and 6 comprehensive high schools. Nantucket is also part of the conference as an associate member. The Conference presents challenges because of the large geographically area it covers and the differences in enrollments of members schools. Our largest school has an enrollment of **1347** and the smallest an enrollment of **220**. This fall began a new four year alignment cycle consisting of three divisions.
